GOAL CAREER

My goal is to enhance my technical skills and become a skilled software engineer. I believe that by constantly challenging myself to learn new technologies, tools, and programming languages, I can become proficient in developing high-quality projects. I also value teamwork and believe in collaborating with others to improve my skills and contribute to the success of a project. Ultimately, my dedication and hard work will allow me to deliver quality products and achieve success as a software engineer.

STUDY ROAD

INFORMATION TECHNOLOGY

SAIGON UNIVERSITY

2019 - 2024
